FROM: Chris Johnson

SUBJECT: CARB Compliance

- Pacific Wood Laminates, Inc. does not produce any products that contain added urea formaldehyde.
- Pacific Wood Laminates, Inc. does not use any hardwood plywood, particleboard, or MDF in any of our products.
- Formaldehyde emissions from engineered wood products such as softwood plywood, oriented strand board, glulam timber, wood I-joists, and laminated veneer lumber (U.S.) are negligible, and those products are exempt from the CARB regulations.
- All products produced by Pacific Wood Laminates, Inc. are CARB compliant.

If I can provide any further assistance, please don't hesitate to call me.

Sincerely,

Chris Johnson
Senior Product Engineer
Pacific Wood Laminates, Inc.
